Lakshita Chemicals
https://www.lakshitachemical.com/

We are a known Manufacturer, Trader, Exporter and Supplier of Sodium Acetate, Sodium Aluminate, Trisodium Phosphate, Disodium Phosphate Crystals, Technical Grade Diammonium Phosphate, Di Potassium Phosphate, Mercurous Chloride & many more.
About Us

We Lakshita Chemicals were established in the year 1999 as a Sole Proprietorship based firm at Navi Mumbai, Maharashtra, India. We are engaged as a Manufacturer, Trader, Exporter and Supplier of a highly pure quality range of Sodium Acetate, Sodium Aluminate, Trisodium Phosphate, Disodium Phosphate Crystals, Technical Grade Diammonium Phosphate, Di Potassium Phosphate, Mercurous Chloride, Ferric Chloride, Ferrous Sulphate Heptahydrate Crystals, Dilute Acetic Acid, Spent Phosphoric Acid & many more. We are exporting our products to Germany, Netherlands, Egypt, Sri Lanka, UK, Spain, Bangladesh & South Africa. Driven by the latest technology, our company is able to deliver all types of industrial chemicals in pure form. Our dedicate team and huge infrastructure enables us to count ourselves among the leading names of the industry. Having the focus on quality and business ethics, we are offering quality products with reliability. Adopting modern technologies to enhance process & quality control enables us to mark a good name in the international market. The industrial expertise & knowledge are the proven assets for our company. Our company also focus on providing our products on the grounds of complete transparency and honesty.

In order to offer superior peculiarity products to the patrons, we have established a high quality infrastructure facility. Our state-of-the-art infrastructure facility is...
INDUSTRIAL CHEMICALS

- Sulphamic Acid
- Ammonium Sulphate Technical Grade
- Sodium Acetate Anhydrous
- Hydrazine Hydrate
SODIUM ACETATE

- Sodium Acetate Anhydrous Powder
- Sodium Acetate Trihydrate Crystals
- Sodium Acetate Trihydrate (Tech Grade)
- Sodium Meta Silicate Penta-Hydrate and Nano-Hydrate
NEW ITEMS

Sodium Sulphate Solution (textile Grade)

Copper Nitrate Tri-Hydrate

Zeolite 4A Chemical
OTHER PRODUCTS:

- Mercuric Oxide
- Sodium Sulphate Anhydrous
- Sodium Sulphate Powder
- Ammoniated Mercuric Chloride
OTHER PRODUCTS:

Mercuric chloride

Sodium Aluminate Powder 52% and 44%

Sodium Aluminate Crystals

Trisodium Phosphate Dodecahydrate Crystals
OTHER PRODUCTS:

- Trisodium Phosphate
- Ferrous Sulphate Heptahydrate Crystals
- Ferrous Sulphate Heptahydrate
- Sodium Nitrate
OTHER PRODUCTS:

- Sodium Chloride (Super Fine Kutch) Salt
- Zinc Sulphate Heptahydrate
- Magnesium Sulphate heptahydrate-99% iron free
- Copper II Acetate Monohydrate
OTHER PRODUCTS:

Copper Acetate Monohydrate

Disodium Phosphate Crystals

Technical Grade Diammonium Phosphate

Di Potassium Phosphate (Tech Grade)
OTHER PRODUCTS:

- Ferric Chloride Anhydrous
- Potassium Chloride (Technical Grade)
- Lithium Carbonate
- Sodium Monochloro Acetate
OTHER PRODUCTS:

Mercurous Chloride (Calomal)

Spent Phosphoric Acid

Copper Sulphate

Phosphoric acid 85%
OTHER PRODUCTS:

- Sodium Metasilicate
- Monopotassium Phosphate
- Copper Nitrate
- sodium acetate anhydrous
